

Dear Parents and Guardians,

Welcome to the wonderful world of Kindergarten!! My name is Ms. Lara Pizzi and I am your child's teacher. This is a very important milestone in your child's life, and I am both excited and honored to be a part of this experience. I plan to work closely with you so that together we can make it as special and rewarding a year as possible. I thought maybe you might like to know a little about me.

I am the proud mom of Dylan who is 20 and off at college and Kayla who is 14 and in the 8th grade. This is my second year teaching Kindergarten at St. Nicholas and before that I was a para professional in the Livingston Public School district. Teaching is my passion!!

Kindergarten is a very exciting and important school experience for a child. Many children (and parents!) are anxious and unsure of this new adventure. This year will be different but please feel assured that our distance learners will be as much of a part of my classroom as our in person students. We will work together to make this a very successful Kindergarten year! I will make every effort to help your child adjust to our

new routine. It is important to me that your child feels happy and secure in Kindergarten.

I find teaching Kindergarten to be both rewarding and fulfilling. You will be amazed at how much the children will learn in the next ten months. They will grow up physically, academically, socially, and emotionally. They will become more responsible and independent as they face new challenges. Their genuine enthusiasm for learning is inspiring!

I look forward to the most successful year!
